

**Year 3 Summer 2**

## Viva España!

### Big Bang

Pupils will dress up and explore Spanish traditions, cuisine, and fiestas. They will also, learn a Spanish song, and prepare and cook a tapas menu.

### Pride Time

N/A

### Learning Outside of the Classroom

This half term, we'll plant flowers and explore the conditions they need to grow.

## Viva España!

### English

Pupils will be looking at writing an adventure story along with creating a brochure to encourage people to visit Spain.

### Maths

Pupils will be focusing on a range of maths topics identified as areas for consolidation including time, shape and statistics.

### Science

Science this term will focus on plants. Children will identify different parts of plants and their function.

### Geography

Pupils will be looking at Spain and it's physical and human features. They will look at the climate in Spain and how regions differ from one another. They will then use this knowledge to compare Spain with the UK.

### Art/DT

Children will be studying the work of a famous Spanish artist, Pablo Picasso and producing work of their own in this style.

### Music

In Music, pupils will use different instruments to learn and play Spanish songs and they will also look at the traditional Flamenco dance and learn some steps.

### Computing

In Computing, we will be learning about how networks work, including data transmission, protocols, and cybersecurity, with lessons designed to support all learners.

### R.E.

This term, the children will be continuing to develop their understanding of how Christians live today.

### P.E.

Pupils will be playing cricket next half term and learning how to bowl and bat. They will also be building on their gymnastics skills by being introduced to the ropes and wall ladders.

### Personal Development

We'll explore personal strengths, achievements, and how to manage setbacks. Additionally we will learn about risks, hazards, and staying safe in different environments.

### Core Books
